## **Section IV. Terms of Reference**

### a) Background

The Displacement Tracking Matrix (DTM) is a set of tools and methods that IOM will use to track and assess displaced and migrant populations for the purpose of informing the humanitarian response and providing assistance. IOM will be implementing the DTM to regularly collect and verify population groups at the smallest location level, and to provide partners with baseline information and indicators to address priority needs, and the types of required humanitarian interventions. IOM will work with the Implementing Partner, operating in Libya, to collect the data through different methods including interviews with key informants, direct observations and focus group discussion.

DTM Libya was established in 2016, following several displacement waves since 2011 with the purpose of capturing accurate and timely information on the locations and movements of IDPs, returnees and migrants in the country:

- DTM provides a common operating picture concerning the movement of populations in Libya, allowing humanitarian actors to provide timely assistance to those in need.
- The data and results produced by DTM is used by humanitarian organizations to coordinate targeted and evidence-based humanitarian assistance and advocacy.
- Inform programming and policy discussions
- Monitor migratory trends

To this end, DTM Libya systematically captures, processes and disseminates information to provide a better understanding of the movements and evolving needs of displaced populations and migrants.

### b) Objectives

The Displacement Tracking Matrix (DTM) Programme of the International Organization for Migration (IOM) is inviting non-governmental organizations (NGOs) to submit proposals for the implementation of mobility tracking data collection activities for the period August to December 2019.

Data collection is centred around the key objectives of obtaining a common operating picture of vulnerable populations on the move in covered areas and humanitarian priority needs.

### c) Scope of the Services

During the project period, the implementing partner will contribute to DTM data collection in selected areas in close coordination with DTM field staff who will also monitor data collection of the implementing partner.

Data collection is organized into rounds lasting six weeks each. Information sources include interviews with mobile populations, key informants, direct observations and focus group discussion.

Collected data includes, but is not limited to:

- Presence of internally displaced people, returnees and migrants at community level
- Humanitarian priority needs of different population groups
- Availability of services at community level
- Movement of vulnerable populations
- Demographic sampling of internally displaced people, returnees and migrants

Proposals should be submitted for the above described activities for the following areas. Service providers are expected to be able to cover all areas in Libya listed below:

- Sebha
- Ubari
- Taraghin
- Alsharguiya

d) Training (when appropriate)

IOM-DTM will provide an induction training to programme manager and team leaders ahead of data collection.

e) Reports and Time Schedule

At the end of each round of data collection, the service provide will submit the following reports:

- a. Complete Two rounds of B1F assessment forms for all Areas listed under the implementing partner's responsibility as agreed with IOM;
- b. Complete two rounds of B2F assessment forms for all IDP and migrant affected locations falling within the areas listed under the implementing partners' responsibility, as agreed with IOM;
- c. Submit narrative reports for each round of data collection

- d. Complete bi-weekly event tracker reports for locations in assigned area of coverage
- e. Facilitate up to three data collection monitoring visits by DTM staff per round when requested by IOM
- f. Validate completed forms at field level through designated team leader
- g. Inform IOM DTM of any known sudden population displacements in their assigned areas of coverage during the agreement duration within twenty four hours.
- h. Submit finalized forms at agreed deadlines to IOM data analysis unit and provide clarification and further validation if needed. Forms will also be used by IOM to evaluate justification for the payment of instalments. The deadlines are as follows:

Deadlines for DTM rounds covered under this request for proposals are as follows:

DTM Round 27: 30 September 2019

DTM Round 28: 30 November 2019

- f) Data, Local Services, Personnel and Facilities to be provided by IOM

IOM will share with the service provider relevant data from previous data collection rounds and provide assistance and guidance by e-mail/phone and in-person at IOM Libya's offices in Tripoli and Tunis as required.

- 6.2 Neither Party will be liable for any delay in performing or failure to perform any of its obligations under this Agreement if such delay or failure is caused by *force majeure*, such as civil disorder, military action, natural disaster and other circumstances which are beyond the control of the Party in question. In the event that the dispute, controversy or claim has not been resolved by negotiation within 3 (three) months of receipt of the notice from one party of the existence of such dispute, controversy or claim, either Party may request that the dispute, controversy or claim is resolved by conciliation by one conciliator in accordance with the UNCITRAL Conciliation Rules of 1980. Article 16 of the UNCITRAL Conciliation Rules does not apply.

In the event that such conciliation is unsuccessful, either Party may submit the dispute, controversy or claim to arbitration no later than 3 (three) months following the date of termination of conciliation proceedings as per Article 15 of the UNCITRAL Conciliation Rules. Internationally accepted general principles of law shall be deemed to include the UNIDROIT Principles of International Commercial Contracts. Dispute resolution shall be pursued confidentially by both Parties. This Article survives the expiration or termination of the present Agreement.

15.2 The Service Provider shall at all times defend, indemnify, and hold harmless IOM, its officers, employees, and agents from and against all losses, costs, damages and expenses (including legal fees and costs), claims, suits, proceedings, demands and liabilities of any kind or nature to the extent arising out of or resulting from acts or omissions of the Service Provider or its employees, officers, agents or subcontractors, in the performance of this Agreement. IOM shall promptly notify the Service Provider of any written claim, loss, or demand for which the Service Provider is responsible under this clause. This indemnity shall survive the expiration or termination of this Agreement.

## **16. Waiver**

Failure by either Party to insist in any one or more instances on a strict performance of any of the provisions of this Agreement shall not constitute a waiver or relinquishment of the right to enforce the provisions of this Agreement in future instances, but this right shall continue and remain in full force and effect.

## **17. Termination**

17.1 IOM may terminate this Agreement at any time, in whole or in part.

17.2 In the event of termination of this Agreement, IOM will only pay for the Services completed in accordance with this Agreement unless otherwise agreed. Other amounts paid in advance will be returned to IOM within 7 (seven) days from the date of termination.

17.3 Upon any such termination, the Service Provider shall waive any claims for damages including loss of anticipated profits on account thereof.

## **18. Severability**

If any part of this Agreement is found to be invalid or unenforceable, that part will be severed from this Agreement and the remainder of the Agreement shall remain in full force.
