Section 02-Packaging and Delivery

The Emergency ration kits are stored with the supplier and delivered to destinations based on IOM request. The minimum order quantity is 50 rations, and the deliveries could be out of hours and late at night. The vendor should commit to the above delivery conditions and be able to respond at a 60 min notice.

Each emergency food ration (except bottle of water) is packed into a paper bag (biodegradable). 10 food rations are packed into one box for easy transportation. Water bottles are packed into a 6-pack with handles for easy handling.

Box Dimensions

The contents of a food ration fit to the inner volume of the box without losing shape of the product. Length, Width and Height are subject to contents and as per above instructions.

4. Box Protection and Quality

- Double-corrugated, 3 plies cardboard

Strength: withstands 3-high stack for more than 48h, and 10 handlings.

5. Box Strapping and Seal

Sealed with 62.5 mm tape with no risk of box opening.

6. Box Labelling

Printed table of contents and PO number and batch number

7. Recycled: IOM encourages to recycle boxes, but the recycled boxes should be free of markings and labels other than the one specified above.

Note: All items and deliveries are subject to quality check and control.
